On Sunday afternoons the girls are out in their best frocks as they are anywhere else in the world, and walking with them along the roads and lanes are men in khaki; their conversations are a mixture of French and English.

It is not romance alone that leads the Briton to marry in France. He has learned to admire the thrift and cleverness of the French woman and her industry in taking the place of her father and brothers who are at the front.

COAST ATHLETES ENTER SEPTEMBER MEET AT NEWARK

National Event Will See Murray, House And Millard Defending West's Fair Name Against Easterners

SAN FRANCISCO, June 17.—Followers of track and field athletics were delighted to learn of the decision of the Olympic club officials to send a team to the Amateur Athletic Union's annual national track and field championships to be held in Newark, N. J., on September 9.

The Olympic Club has been the Pacific Coast's leading representative in national competition for many years, having sent teams to Jamestown, St. Louis, Chicago, Seattle, Portland, Pittsburgh and other places where the nations best athletes were congregated for competition.

While it will be some time before the personnel of the team is made up, there is no doubt that the "Winged O" representatives will present a formidable lineup. Among those on the roster of its athletes and whom will be eligible to make the trip are such nationally well known performers as Fred Murray, All-American collegiate hurdling champion; Livermore University of California state weight thrower; Meredith House of Stanford coast record holder for the low hurdles; Paul Wilson who recently ran the mile for Stanford in 4:19 in the dual meet against the University of Michigan, and Edgar Stout and Oliver Millard, the best of the long distance runners of the coast.

Others who can be drawn on are William Sisson, the Stanford broad jumper; Wright Lynn, quarter miler and sprinter Kirksey, Newell and Nolan.

COAST TENNIS STARS MEET AT DEL MONTE TODAY

Johnston, Griffin And Other National Lights To Scintillate On Slope's Fastest Courts

SAN FRANCISCO, June 17.—The first of the important California tennis tournaments considered as among the stepping stones to the mid-summer national championships will be held at Del Monte from June 17 to 24 inclusive. Although this tournament carries with it only the Pacific Coast title in the singles, it will serve to bring together a number of the star players who, later, will be seen in the more important tourney in various parts of the country.

Herbert Hahn, who won the title last year, is in the east so that there is bound to be a new coast champion. Unfortunately there will be no representation from the Northwest owing to the fact that the Northwest championships will be in away at about the

same time. There has been some criticism of this conflict of dates which has been characterized as "short-sighted."

However, William Johnson, the national champion, Griffin, joint title holder with Johnson in the national doubles, Roland Roberts, Ray Greenberg, Bowie Dietrick, Byron Batkin and W. B. Wickersham will be among those who will be entered. While there is small prospect of Maurice McLaughlin entering the tourney, hopes are entertained that the former national champion may find it possible to compete.

The ladies' singles will be played today while the men's singles will be finished as nearly as possible on Sunday and Monday. The men's doubles will start on Monday.

The Pacific Coast is keeping its weather eye on Willie Davis the present California state tennis champion and the star of the University of California teams of 1913 and 1914. Davis has appeared in a number of the preliminary eastern tournaments and has shown good form. His best recent performance was his defeat of George M. Church the former rinceon intercollegiate champion who is ranked in ninth place among the national players.

BRITISH TOMMIES MARRYING INTO FRENCH FAMILIES

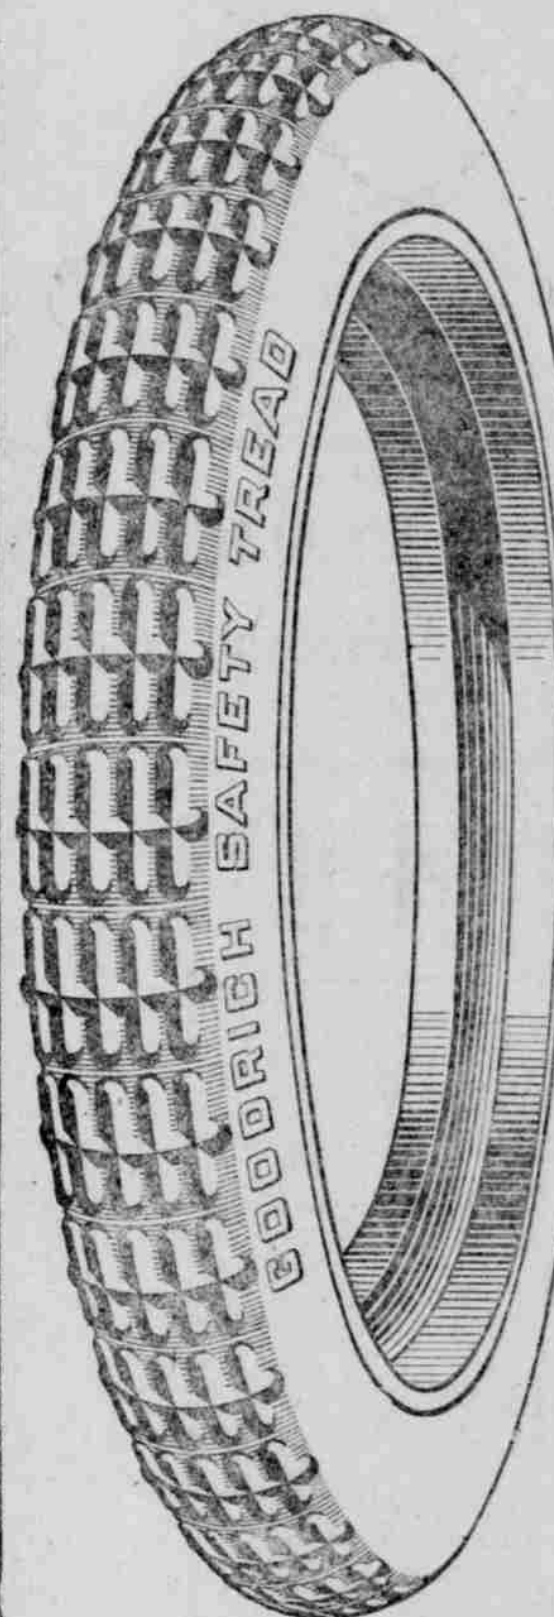

Hundreds Of Courtships Carried On Somewhere In France, Where Lovers Woo By Means Of Signs

BRITISH HEADQUARTERS IN France, June 17.—One of the results of the presence of the British army in France is that a good many British soldiers will take French wives home with them. The difference in language, far from being a barrier, is an accessory. Tommie Atkins teaches Miss France English, and Miss France teaches Tommie Atkins French.

There is plenty of leisure for the courtship to develop. Frequently British battalions remain in the same section for months at a time. When the men have done their shift in the trenches they return, "in rest" as the saying goes, to the same village where they were before. Usually they have quarters in the French houses. In a sense they become members of the community.

With the French men folk away the British soldier lends a hand with any heavy work which requires a man's strength. Only today the correspondent saw a British soldier drawing a harrow. A feminine hand does some sewing or cooking for him in return. The romantic atmosphere is not lacking. When the Briton says "au revoir" to his sweetheart and starts for the trenches he may

The "Gold-Standard"—in Tires

GOODRICH Tire Values are not at all "Accidental." They spring from Conditions which are logical as the Laws of the Universe.

The best-intentioned Tire Manufacturer cannot AVOID being heavily handicapped when competing against them.

Because, Goodrich "Conditions" summarize into this:—

- 1st—The longest Experience in Mfg. the Product.
- 2nd—The greatest Leverage on purchasing of Raw Materials at lowest prices, through ability to take largest quantities.
- 3rd—The lowest Cost of Manufacturing, through largest VOLUME of Output.
- 4th—The clearly-demonstrated INTENTION to give Consumers and Dealers the full benefit of the large ECONOMIES resulting from possession of the three Cardinal Advantages above defined.

THE Product of such a Rubber Concern,—when marketed under such conditions,—giving the benefit of such huge Economies to Consumers may well, and logically, be considered the "GOLD-STANDARD" in Tire Values.

Therefore:—When you pay MORE than the Goodrich Fair-List prices, here printed, for ANY Fabric Tire, you are merely "contributing" the difference.

Because,—You CANNOT get "better" Fabric Tires,—at ANY price!

Test them thoroughly,—and see!
